EDITORIAL COMMENTS.

It is said that Napoleon Bonaparte once said: "Empires generally die from indigestion, generally swallowing too much territory." Wonder if the same rule might not apply to a republic? Wonder if our Uncle Samuel isn't biting off a larger chunk than he can thoroughly masticate just at this time? Beware of indigestion, Uncle, beware! —Living Issues.

In Denver the straight Democratic candidate for mayor was elected, as against Silver Republican and Citizens' candidates. National politics are said to have had considerable influence in bringing the result, and as the city press had generally espoused the cause of one or the other of the defeated candidates the success of the Democrat amounted to a genuine surprise. Inference may be drawn from the Denver experience that alignments for the campaign of 1900 are already being made. There is little question that silver is to again be the paramount issue as between the two great parties, with Bryan and McKinley as the standard bearers. Colorado is the banner silver State. —Bingham Bulletin.

AN UNNATURAL FATHER.

Springville People Indignant at a Daughter Being Cast Adrift.

Springville people object to the inhuman way in which A. W. Harmer, one of our well known citizens, has treated his daughter, who is in a delicate condition and will soon be the mother of an illegitimate child, and they say that a young man of this city, who the girl claims, is responsible for her condition, has skipped the country, leaving the victim of his treachery to suffer the consequences of her act alone. Now, to make the matter worse, her father, who should have stood by her in her trouble, and to have helped her to live a good life and live down the shame, has cast her out from his roof, with the statement that he never wished to see her again, and did not want her to associate with any of the family. His act for pure heartlessness has had few parallels in the history of this city. After calling her vile names, which are not fit to print, he turned her out from home, without caring what would become of the girl or what the consequence of his act might be. But one bright feature of the story is that the girl had in the persons of Mr. and Mrs. J. R. Douillard, friends who would do for her what her own father refused to do, and will give her a home until she is able to make other arrangements. The feeling against this unnatural parent is very strong among some classes of our citizens. —Springville correspondence Tribune, April 9.

Robson as a Kisser.

And as a daring and competent naval officer has obtained a world wide reputation, but it is no greater than that of the Chicago, Milwaukee and St. Paul railway as a caterer to the comfort and safety of the general traveling public. Being the short line between Omaha and Chicago, and running the fastest trains between those points, it is natural that they should have obtained that reputation.

Our trains are all lighted by electricity, heated by steam and solid fuel; consisting of palace day coaches, elegant chair cars, modern library cars, superb sleeping cars, and a royal "A la Carte" dining car service, running over a rock ballasted, steel

rail track, on special fast time, give you a service for comfort, safety and convenience not to be obtained by any other route. Try us once and be convinced. Ask your ticket agent for C. M. & St. P. tickets and take no other. Write for maps, time tables, etc.

A RESOLUTION

Granting a Franchise to Wm. D. Roberts and D. H. Roberts.

SECTION 1.—It is Resolved by the City Council of Provo City, That William D. Roberts and D. H. Roberts, their successors and assigns, have the authority and consent of the City Council, and the permission is hereby granted them, to use the water that may not be put to any useful purpose by E. J. Ward & Sons in what is known as the factory race, said water to be diverted for the purpose of propelling machinery by the said grantees from a point not less than six inches below the top of the headgate of E. J. Ward & Sons, on "H" street between Third and Fourth streets of Provo City, thence running south to a point on "H" street between Second and Third streets.

That said water may be conveyed in any manner that the said grantees may desire, so that said diversion shall not in any manner interfere with the proper use of the said factory race or the streets adjoining thereto.

Said grantees, their successors and assigns, covenant and agree to save Provo City harmless from and against any liability, loss, cost, or expense or damage of any nature which may accrue in or by reason of the construction or operation of said waterway, and to indemnify and repay said city for any loss, cost or expense, or damage of any kind which may be sustained by reason of any default, misconduct, accident or danger, and judgment for damages shall be recovered against the city, the recovery thereof and the judgment thereof shall be final as between the said grantees, their successors and assigns, and conclusive as to the liability of the latter to the city corporation.

The construction for the conveyance of the water is to commence within one year after the passage of this resolution, and said work shall be completed within eighteen months after the passage of this resolution.

SEC. 2.—That this franchise is granted subject to the pleasure of the City Council, and nothing in said grant shall be construed to the granting of the use of the water if the city needs or desires said water for its own purposes.

SEC. 3.—That if the grantees, their successors or assigns, shall fail to apply said water to the propelling of machinery within eighteen months from the passage hereof or to keep and perform all the stipulations of this resolution, or shall fail or refuse to comply with all the rules, regulations and ordinances of Provo City relating to the granting of franchises for power purposes, which are now enacted or which shall hereafter be enacted, then this franchise shall be void and of no effect.

SEC. 4.—If this grant, with the terms and conditions herein appended be not accepted in writing by the grantees within 30 days after the passage of this resolution, the same shall be void and of no effect.

Passed this 20th day of February, A. D. 1899.

JOHN E. BOOTH,
President of the City Council.
Attest: L. L. NELSON,
City Recorder.

I, John E. Booth, President of the City Council of Provo City, Utah County, State of Utah, hereby certify that at the regular session of the City Council, held on the 6th day of March, A. D. 1899, the above and foregoing resolution was passed by a two-thirds majority of all the members of said Council, notwithstanding the objections of the Mayor thereto.

Attest: JOHN E. BOOTH,
President of the City Council.
